General specifications

PHYSICAL SPECIFICATIONS	
Hopper Volume	0.8L
Weighing Range(1 hopper)	5-300g
Accuracy	±0.1g
Min Scale Interval	0.1g
Max Weighing Speed	60p/M
Control System	MCU/Siemens PLC
HMI	7"/10" Control Screen
Power Supply	220V, 50/60Hz
Packing Diamension	1,370(L)*1,060(W)*1105(H)mm
Gross Weight	240kg

PRODUCT DESCRIPTION

MTC-YU-S-NA10-5 High Capacity 10 Head 0.8L Computer Weigher widely used in weighing of granular, block and sheet materials such as food, medicine, hardware, chemicals, plastics, etc.
It is applicable for weighing all types of small sized / dosed, granular products, such as herbal medicine pieces, pistachios, candy, coffee beans, chocolate beans, etc.

Features

1. Special load cell with high precision and high standard.

2. IP65 water prove, easy cleaning and maintenance with clean function, all hoppers can stay open.

3. Program recovery function can reduce operation failures, Support multi-segment weight calibration.

4. Material contacting parts added anti-noise PVC.

5. Step motor angle can be set according to different product.

6. 99 programs capacity can meet various weighing requirement, user-friendly help menu in touch screen contributes to easy operation.

7. Modular electronic system makes function expanding and maintenance easier and at lowest cost.

8. Professiona A/D card with high accuracy and stability. Interchange is available.

9. HMI program with different authority management, can be upgraded by U-disk.
